PROFILE

Currently studying a Master's in Quantitative Finance with strong skills in VBA, Python and Excel for financial modelling and data analysis. Passionate about problem-solving, I enjoy taking on challenges and bringing innovative ideas. My previous internships have honed my skills in financial analysis, strategy development, and optimisation. For instance, I created models that improved process efficiency in corporate finance. Furthermore, as a native French speaker fluent in English and Italian, I am able to work with a diverse range of clients.
